

DECLARATION OF COVENANTS, CONDITIONS AND RESTRICTIONS

STATE OF TEXAS §
 §
COUNTY OF LUBBOCK § KNOW ALL MEN BY THESE PRESENTS

WHEREAS, LINCOLN FRANKFORD GROUP, LLC, a Texas limited liability company, hereinafter referred to as either "the Declarant," or "the Developer," being one and the same, is the owner of all of that certain real property located in Lubbock County, Texas, described as follows:

All of Lots 25 thru 51 Lincoln 16, an Addition to the City of Lubbock, Lubbock County, Texas, being more fully described on a plat filed as Instrument No. 2019030424, in the Official Public Records of Lubbock County, Texas, to which reference is hereby made for all purposes;

WHEREAS, the Declarant shall convey the above described properties subject to certain protective covenants, conditions, restrictions and charges, as hereinafter set forth;

NOW, THEREFORE, it is hereby declared that all of the property described above shall be held, sold and conveyed, subject to the following easements, restrictions, covenants and conditions, which are for the purpose of protecting the value and desirability of, and which shall run with the above described real property, and shall be binding on all parties having any right, title or interest in or to the above described properties or any part thereof, their heirs, successors, and assigns, and which easements, restrictions, covenants, and conditions shall inure to the benefit of each owner thereof.

1. Lots 25 thru 51 (hereinafter sometimes referred to as "the duplex lots") shall be used for two-family residential purposes only, and a "two-family dwelling" (hereinafter sometimes referred to as a "duplex") shall be construed as defined by the City of Lubbock Zoning Code as it exists as of the date set forth below. No building shall be erected, altered, placed, or permitted to remain on any duplex lot or lots other than one duplex consisting of no more than two (2) dwelling units and not exceeding two stories in height, and each dwelling unit of the duplex shall contain a private garage providing for a minimum of two automobiles, one garage attached to each unit of such duplex. Each dwelling unit of a duplex shall contain at least 1200 square feet of floor space, exclusive of garage, open or screened porch, storage rooms, basement and other space not equipped with heating and cooling (hereinafter sometimes referred to as "floor space"). Each garage shall be entered from and face the front of each respective lot and the garages of a duplex and the driveways servicing the same shall be located roughly in the center of each respective duplex lot to accommodate the public utility company easements referenced in Paragraph 2 hereof.

For purposes of the following paragraphs, duplexes may sometimes be referred to collectively as "residences" and duplex lots may sometimes be referred to collectively as "lots." All of any chimney and at least eighty percent (80%) of the exposed exterior walls of each residence shall be of masonry construction. In calculating the above eighty percent (80%) requirement, openings for doors, windows, etc., shall be excluded. It is the intent hereby to prohibit concrete blocks, as well as asbestos shingles, as an exterior siding. No residence may be constructed pursuant to an experimental design, including, but not limited to adobe, geodesic domes or all steel exterior construction; provided, the foregoing is not intended to prohibit steel frame construction. No residence shall be built with a roof of crushed stone, marble or gravel. Rather, each residence roof shall be constructed of thirty year or greater laminate

shingles or other lifetime roofing materials (except as otherwise excluded) in earth tone colors only and shall have a pitch of 6 x 12 or more. Replacement shingles or other roofing materials shall be of the same or similar color as that being replaced. Residences consisting of two stories shall provide for sixty percent (60%) of floor space to be located on the first floor of such residence. There shall be no portable or "move in" homes allowed on any of the lots, which shall include (and thereby preclude) any modular or pre-built home of any kind. It is the intent of the foregoing to require that only newly-erected, permanent residences be placed on the lots and that such be built in-place and on-site. The garage shall be constructed of the same material as the residence, including the roof.

Each residence shall have and there shall be erected a six foot or greater wood fence encompassing all of that residence's "back yard." The wood fence shall not be painted but rather left in its natural state, and shall be maintained in good repair and condition. In no instance shall a fence, wall or hedge be constructed, altered or maintained closer to any street than the minimum building setback line as promulgated by the City of Lubbock, except that on corner lots the fence may be installed from the interior lot line, along the rear lot line to the side street property line, and forward along the side street property line to within ten (10) feet of the front of the residence, thence across the side yard to the residence.

Each residence shall have access to mail service delivered by the United States Postal Service to a double-mount mailbox attached to a single pedestal post. Therefore, each duplex shall attach such a mailbox to the duplex lot in compliance with rules, regulations and ordinances promulgated by the United States Postal Service. Mailboxes described in this paragraph shall be constructed solely of metal components, including, but not limited to, aluminum and steel components, and of an overall appearance similar to that promulgated by Declarant.

Each residence built on a lot shall be located such that it fronts the street on which the lot faces.

2. The minimum front building setback line for each residence shall be at least twenty (20) feet from the street and for all other building setback requirements, such shall comply with the minimum requirements as promulgated by the City of Lubbock, Texas. For purposes of complying with the setback requirements, eaves, steps and open porches shall not be considered as a part of the residence, but this shall not be interpreted as permitting encroachment on another lot.

Easements for installation and maintenance of utilities and drainage facilities are either reserved, as shown on the recorded plat, or recorded contemporaneously with the Dedication Deed. Right of use for ingress and egress shall be had at all times over any dedicated easement and for the installation, operation, maintenance, repair or removal of any utility, together with the right to remove any obstruction that may be placed in such easement which would constitute interference with the use, maintenance, operation or installation of such utility.

3. An underground electrical distribution system will be installed to serve each lot; provided, however, that any existing overhead electrical lines serving the Addition shall not be required to be underground, but all line connections thereto shall be underground. The then owner of each lot shall, at that owner's cost and expense, furnish, install, own and maintain (all in accordance with the requirements of the City of Lubbock, Lubbock County, Texas) an underground service cable and appurtenances from the meter installed on each lot by the electric company to such point as may be designated by such company on the property line of the lot. The company furnishing electric service shall make the necessary connection at the property line and at the meter. The owner of each lot shall install, furnish, own and maintain, at that owner's cost and expense, a meter loop (in accordance with the then current standards and specifications of the electric company) for the residence constructed on the lot. For so long as underground service is maintained, the electric

service to each lot shall be uniform in character and exclusively of the type known as "single-phase 120/240 volt, 3-wire, 60-cycle alternating current." Any and all of the foregoing notwithstanding, should the City of Lubbock or any utility company providing electrical services to this Addition change or alter its policy in regard to underground utilities and/or electrical services provided to this Addition, such change or changes shall automatically be adhered to and followed by all lot owners, and the foregoing provisions of this, Paragraph 3, shall automatically be amended to thereby comply with any such policy change, whether one or more. In the event the dwelling units of a duplex are separately owned, the provisions of this paragraph shall apply separately to each owner as if such owner was the sole owner of an entire lot.

4. No garage, basement, trailer, tent, shack, or any other like building or shelter erected or located on any lot, shall ever be used as a dwelling unit. No residence dwelling or other type building, or any part of any other type building, shall ever be moved from outside of the lots onto any one or more of the lots. Regardless of the foregoing sentence, a portable storage building may be moved into a lot's "back yard" subject to the following conditions: (1) the portable storage building must be located within the wood fence surrounding such lot's back yard; (2) the portable storage building must be proportionate in size to the residence and to the lot's back yard; and (3) the portable storage building must be of an attractive appearance and in good condition at the time the portable storage building is moved into the lot's back yard and must be maintained in this same manner. For a period of 7 years beginning date hereof, Declarant reserves the right to require the owner of any lot to remove a portable storage building from such lot if, in the sole discretion of the Declarant, these conditions are not met. For purposes of enforcing this right, Declarant shall be considered as the owner of a lot with access to the options for enforcement set forth in paragraph 13 below.

No home beauty shops or home barber shops shall be allowed. Further, no occupations of any kind shall be allowed which require any structural alterations in any dwelling unit or room of any residence, or require the installation of machinery or equipment other than that customary to normal household operations, or require stocks in trade or inventory being kept and sold on the premises, or require exterior storage for equipment or materials. Any such occupation or activity shall be considered as noxious and offensive, and thereby deemed to be a nuisance.

No sign of any kind shall be displayed to the public view on any lot, except one professional sign of not more than five square feet advertising the property for sale or rent, or a sign used by a building contractor to advertise the building of such property during the construction and sales period.

No radio or television antenna shall extend more than five (5) feet above the highest point of the roof of any building, and no antenna shall be erected or maintained on any lot not having a residence thereon.

5. No animals, livestock or poultry of any kind shall be raised, bred or kept on any lot, except that dogs, cats or other household pets may be kept, provided that they are not kept, bred or maintained for commercial purposes.

6. No oil drilling, oil development operations, oil refining, or quarrying or mining operations of any kind shall be permitted on or in any lot, nor shall oil wells, tanks, tunnels, mineral excavations or shafts be permitted on or in any lot. No derrick or other structure designed for use of boring for oil and/or natural gas shall be erected, maintained or permitted on any lot.

7. No trailer, camper, boat, motor home or other recreational vehicle, pickup truck of more than one ton capacity, or any other vehicle not used in day to day transportation, shall be parked, stored or maintained on any lot in such a way as to be visible from the front street or nearer to the side street than the side street building set back line.

8. No lot shall be used or maintained as a dumping ground for rubbish, trash, garbage, or other waste. All such garbage, trash and rubbish shall be kept in sanitary containers. All receptacles for disposal of such material shall be kept in a clean and sanitary condition.

9. No truck, bus or commercial trailer shall be parked in the street in front of any lot. No truck, bus or commercial trailer shall be parked on the driveway or any portion of any lot in such a manner as to be visible from the street.

10. Construction of the residence shall commence within one (1) year of the closing date, and "closing date" shall be construed as the date when Declarant transferred title to the respective lot. If construction has not commenced within one (1) year, Declarant shall be entitled to purchase the respective lot at the gross sales price of such lot at closing date plus a sum equal to the calculated interest from closing date to date of purchase by the Declarant on such gross sales price at the prime rate as published by the Wall Street Journal on closing date. Once commenced, construction shall be diligently pursued to the end that it will be completed within eighteen (18) months from the date commenced.

11. Regardless of any other provision contained herein, for a period of 7 years beginning on the date hereof, Declarant reserves the right (on application and request of the owner of any lot) to waive, vary or amend (by an appropriate letter to that effect, addressed and delivered to such applicant owner by Declarant for filing in the Real Property Records of Lubbock County) any of these covenants and restrictions to any particular lot, if, in the sole discretion of the Declarant such action relieves hardship or permits better architectural planning to be effected.

12. These covenants are to run with the land and shall be binding on all parties and all persons claiming under them for a period of twenty-five (25) years from the date these covenants are recorded, after which time said covenants shall be automatically extended for successive periods of ten (10) years each. Any one or more of these covenants may be amended by an instrument signed by at least 75% of the then owners of the lots agreeing to change any such covenant, condition, and restriction in whole or in part.

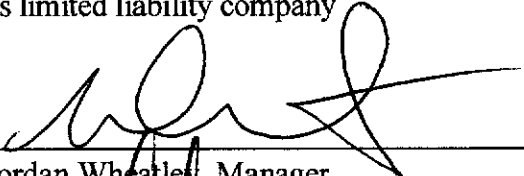

13. Enforcement shall be by proceedings, at law or in equity, by the owner of any lot or lots, against any person or persons, or any other entity, violating or attempting to violate any covenants. The person or entity seeking enforcement shall have the right to enforce, by any proceedings, at law or in equity, all restrictions, conditions and reservations now or hereafter imposed by the provisions of this declaration. Failure to enforce any covenant or restriction herein contained shall in no event be deemed a waiver or right to do so thereafter. If any lot owner shall be required to employ an attorney to enforce or defend the rights of such lot owner hereunder, the prevailing lot owner shall be entitled to recover reasonable attorney's fees, court costs and out-of-pocket expenses incurred as a result thereof.

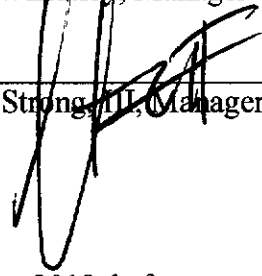

Invalidation of any one of these covenants or restrictions by judgment or court order shall in no way affect any other provision, and all other provisions shall remain in full force and effect.

The undersigned, being the sole owner of the hereinabove described real property, does hereby revoke any and all prior restrictions or restrictive covenants, if any, placed on said land by any prior owners.

EXECUTED AND EFFECTIVE this _____ day of _____, 2019.
